benefit solutions simplified

A simple solution for benefits administration

Paul Revere has solutions to ease the financial and administrative burdens of your employee benefits program.

Through our partnership with Selerix Systems, we're able to offer BenSelect, a comprehensive online solution for benefits administration. BenSelect can be customized to suit your needs at a significantly lower cost than similar systems.

The BenSelect package includes web software, data integration and maintenance that simplify your enrollment. You can enroll both core and voluntary products, including individual and group Paul Revere products.

With Paul Revere and BenSelect you can:

- Create a meaningful enrollment experience and streamline your approach to benefits administration
- Attract and retain top talent with a stronger benefits program and 1-to-1 benefits counseling
- Increase engagement and lower costs with effective benefits communication and education

BenSelect enrollment and administration modules support core and voluntary enrollment, including:

- Flexible spending accounts
- Credit-based flexible benefit plans
- 401(k), 403(b) and 457 deferred compensation

About BenSelect

BenSelect is an industry-leading benefits administration platform trusted by more than 6,500 employers and 5.2 million employees. BenSelect is designed for employers looking to streamline their enrollment, administrative and compliance processes into one convenient solution.

Benefit solutions simplified

The benselect solution – client trusted, industry proven

Benefits administration simplified

The BenSelect platform provides you and your employees access to a customizable, full-service website that:

- Allows open enrollment, new hire events and year-round qualified status changes
- Supports agent-assisted, call center, co-browsing and self-enrollment methods
- Creates an educational enrollment experience with dynamic benefits communication and decision support tools
- Accommodates your specific business rules related to plan eligibility, coverage and cost
- Allows easy configuration and updates for products and other information
- Provides online delivery of consistent benefits communication materials to improve employees' understanding of available benefits and increase their overall satisfaction
- Streamlines billing and provides detailed reporting, such as real-time reporting of employees who have and have not enrolled
- Enables greater accuracy and timeliness of EDI files by automating transfers directly to carriers and payroll administrators

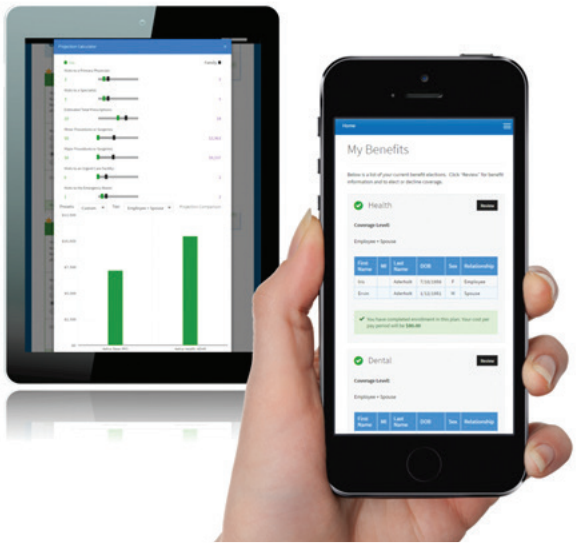

Affordable Care Act reporting

From Lookback reporting to IRS form generation and filing, the Selerix ACA Reporting Module covers your compliance needs. In our experience, the majority of transactional data required for ACA reporting is centered around benefit administration. Save time and resources by integrating both into one convenient interface. With potential fines in the millions, why introduce risk with additional vendors and complex data exchanges? Learn more at selerix.com/acareporting.

Employee-friendly enrollment

BenSelect allows your employees to update personal information, make or change benefit choices and coverage levels, and change dependents and/or beneficiaries, quickly and easily.

- Enables employees to keep their current benefits with a few clicks using the Quick Enroll feature
- Features auto-enrollment for employees who do not make elections

Contact your Paul Revere benefits representative to learn how this online solution can work for you.
